India Food and Agriculture : Powerhouse of the World

Global agriculture has witnessed a complete metamorphosis in recent decades with the intrusion of technologies and global participation. Agriculture remains the second-largest source of employment worldwide after the services sector. The global value-added generated by agriculture, forestry, and fishing grew by 68 percent in real terms between 2000 and 2020, reaching USD 4.7 trillion in 2020. Asia has emerged as a significant player. Asia was the main contributor to global agriculture showing an increase of 77 percent, from USD 1.2 trillion in 2000 to USD 2.9 trillion in 2020. The countries with the largest agriculture, forestry, and fishing sector in terms of value-added were China, India, and the United States of America. Global food production will continue to rise so as to cater to the burgeoning world population. In the backdrop of the world population expected to reach 10 billion by 2050, food supplies need to increase by 60 percent.

This call for increased dependence on technology-dependent agriculture as the chances of increasing land area appears to be negligible. The world will see advanced farming systems with a renewed need for Agri services, improved planting material, state-of-the-art machinery, agro-processing equipment, good crop care and soil health products, better infrastructure, value chain models, Agri, and food businesses. India being an agriculturally significant nation will actively participate in global food and agro trade. As India's institutions are providing global expertise and cooperation, it has become the gateway to almost two dozen Asian countries and the whole African continent. Though 8% of the world's food is grown here, the share in global trade share in global trade remains dismal at 2%.

AgroWorld : The Gateway to Global Agriculture Industry

In a bid to introduce contemporary agriculture-Agri and allied sectors-with best practices, technologies, processing, and marketing that can inevitably help countless farmers and platform owners, the Indian Chamber of Food and Agriculture (ICFA) with the support of the Government of India and several States and in technical collaborations with a large number of industry associations and international bodies, is fully geared up to floor AgroWorld, An India International Exhibition & conference on Agriculture Industry from 16-18 December, 2025 Lucknow, India.

Agro-food industry experts, agri-specialists, and government officials from all across the world, will share their prized insights on available technologies, trade and business models, and modern innovations. These distinguished individuals will be ready to interact with our entrepreneurs, farmers, and scientists. Indian industry and businesses, institutions, Central Ministries, and State Governments will have opportunities to showcase their products and technologies, programs and services, potential and achievements before the national and global stakeholders to explore possibilities of investments, technical cooperation, trade, and business, marketing and partnerships opportunities.

Along with its partners, ICFA is passionately promoting AgroWorld 2025 across India and the world incorporating major sectors and key stakeholders in the food, agriculture, horticulture, animal husbandry, aqua, and allied sectors. ICFA invites you to avail this wonderful opportunity to take a proactive part as a zealous exhibitor or sponsor during the forthcoming exciting event- AgroWorld 2025 and showcase the products, technologies, programs, and services to a colossal target audience in a single, pulsating platform for three consecutive days.

Lucknow : *The Host City*

Nestled in the heart of Uttar Pradesh, Lucknow is a vibrant and dynamic city with rich heritage. Fondly known as the 'City of Nawabs', the city enchants the visitors with its historical grandeur, keeping its old world charm absolutely intact. It is no exaggeration to call the capital of Uttar Pradesh, one of the finest cities of the country in terms of mannerisms and culture. The Bara Imambara, Chhota Imambara and Rumi Darwaza stand in testament to the city's Nawabi mixture of Mughlai and Turkish style of architecture while La Martiniere college bears witness to the Indo-European style. No visit to Lucknow is complete without indulging in its delectable culinary offerings, especially its renowned Awadhi cuisine. Whether you explore its architectural marvels, relish its traditional delicacies, or immerse yourself in its cultural heritage, Lucknow promises an unforgettable journey that will leave you captivated by its timeless charm. Come experience it.

Objectives :

Technology and Investments

To provide a unique opportunity for interaction amongst key stakeholders namely government officials, experts, industry CEOs, agribusiness professionals, traders, farmers, entrepreneurs, developmental agencies, and institutions to explore investments, technologies, marketing, and collaborations among themselves.

Showcasing Opportunity

To provide a platform to the states, institutions, officials, experts, industries, and international bodies to showcase scope and opportunities, latest products, advanced technologies, food and agribusiness models, logistics, post-harvest management, global best practices and connect with farmers and Agri startups.

Networking and Partnerships

To facilitate global companies for exploring opportunities for business and investments, technical and marketing collaborations, exports and partnerships, and signing of MoUs towards finding business partners, expanding business, increased value addition, trade, and agribusinesses.

Policy Inputs and Knowledge sharing

To provide exposure, enrich knowledge, and generate policy inputs through technical seminars, international conferences, business dialogues, and interactions among Indian and Foreign visitors, exhibitors, experts, farmers, entrepreneurs, industries, and business CEOs towards doubling farmers' income

Highlights of Agroworld 2025 :

- Sprawling exhibition venue at Lucknow
- World-class infrastructure
- 40 sectors with specialized Pavilions
- National and global participation
- Top Government and policymakers' visits
- B2B Meetings and business facilitation
- Global Business Dialogue Sessions
- Progressive farmers' workshops
- India Agribusiness and Global CEOs Awards 2025
- Global Agri Business Summit 2025

Reap The Rewards Of Exhibiting

**Global Visibility | Great Branding | Marketing
Business Opportunities | Collaborations | Partnerships :**

International Participation : With the increase in demand, more and more international players are attracted to the Indian market which offers enormous opportunities.

Delegates : Find an engaging audience and key persons of Indian and global food and agriculture sectors to explore possibilities of business, investments, and collaborations.

Meet the Right Buyers : The Fair boasts to understand exhibitors' needs and deliver the right buyer, collaborator, and investor to serve the purpose of participation.

Educational Opportunities : India offers great learning opportunities in agriculture. The national and global display of products, technologies, and services can help you discover how to be more productive.

Networking Opportunities : AgroWorld 2025 provides a great opportunity to network. Better innovations and models from other regions and the world can become valuable resources for referrals and best practices.

Expand Your Business : AgroWorld 2025 is a place where you can learn more about the current national and global business climate. Discovering innovative products and services for your business to stay competitive in today's dynamic business world.

Extensive Media Coverage : With a large number of print and digital media partners and social media initiatives, it offers great exposure and widespread publicity.

AgroWorld 2025 – Exhibitor Profile :

AGRI INPUTS

Agrochemicals, fertilizer, seeds, PCR's, bio-products, bio-stimulants, credit, insurance , etc.

FOOD & FOOD PROCESSING

Conventional foods, Instant foods, snacks, healthy foods, frozen foods, seafood, canned foods, baby foods, RTE food, fruit juices, wines, etc...

ANIMAL HUSBANDRY & AQUATIC PRODUCTS

Breeds, feeds, meat products, poultry products, dairy products, fishery products, seafood, animal feed and health products, etc.

AGRO PRODUCTS

Grains, cash crops, fruits & vegetables, seeds, edible oil, rice, pulses, spices, dried fruits & nuts, flowers, etc...

AGRO-TECHNOLOGY & AGRO- MACHINERY

Farm machinery, micro-irrigation agro-processing, ICT, e-commerce, cloud computing, big data, IT solutions, agro technologies farmers services, etc.

AGRI-INFRASTRUCTURE, VALUE CHAIN, MARKETING & TRADE

Warehousing, Cold Storages, Logistics, Energy, Financing and Insurance Solutions, Wholesalers, Retailers, E-Market, Import & Export

AgroWorld 2025 – Visitor Profile :

AgroWorld 2025 invites target visitors through all kinds of channels according to the exhibitors & conditions. The officials, industry, institutions, producers, traders, importers, investors, dealers, farmers, and other professional organizations.

AgroWorld 2025 : Structure

State - Specific Food Festivals :

Fruits are an essential part of a nutritional diet. Different countries grow a variety of fruits, which are consumed locally and also traded globally, both in fresh and dried or preserved forms. India is a hub of growing a large number of fruits from mango to banana, grapes, oranges, apples, litchi, pomegranates, cashew, guava, strawberries, papaya, etc. However, given the rising incomes in the country, India is importing a large number of fruits from all over the world and the demand is estimated to rise at the rate of 15% plus over the next decade or so. Looking into the high market potential and trade opportunity, ICFA is organizing country- specific fruit festivals by putting up special fruit display pavilions, seminars, organizing buyer-seller meets, cultural programs, cooking competitions, prizes, etc.

Global Agri Business Summit 2025 :

Even after decreased contribution to GDP, agriculture still continues as a major livelihood provider around the globe, especially in the developing world; and hence responsible for economic growth and social transformation. Farmers, however, are facing a plethora of problems in developing countries and there is a need for connecting them with the markets, technologies, trade, and global best practices and transforming them from farmers to farm entrepreneurs. The 13th Global Agriculture Summit 2025 aims to provide the platform for facilitating farmers' connection with the markets, industry, institutions, and Governmental Programs. Towards this end, ICFA is bringing together eminent personalities of Indian and global agriculture, food, and agribusiness sectors on one platform. The experience will be combined with the presentation of the 13th Global Leadership Awards and the release of Agriculture Year Book 2025.

Recognizing the Performance

Global CEO Awards 2025

These awards will be presented to the CEOs of the food and agribusiness companies operating on a global scale and who have made a critical difference to the organization, achieving rapid global growth, launching new products and technologies, expanding into new markets, acquiring new products or companies, setting role model and contributing to social empowerment. CEOs fulfilling the following criteria may send a short write-up by mail for consideration by the Jury:

- Minimum 3 years of working as CEO and achieving growth of 5% plus during the last 3 years
- Minimum Size Rs. 1000 crores or \$200 Million and employing 500 plus and operating in 7 plus countries
- Having launched innovative products, technologies, or business models with global acceptance
- Contributing to society through sustainability projects or significant CSR programs
- Providing leadership role and inspiration to the businesses and professionals with knowledge sharing

India Agribusiness Awards 2025

These awards will be presented to the agribusiness companies operating in India, who are serving the farm or food sector with good quality products, technologies, or services. Companies fulfilling the following criteria may send their short write-up by mail for consideration by the Jury

- Minimum 3 years of operations and growth of 7% plus during the last 3 years
- Minimum Size Rs. 100 crores and employing 100 plus and operating in 7 plus States
- Having launched innovative products, technologies, or business models
- Contributing to society through sustainability projects or significant CSR programs
- R&D-driven professional organization with a strong ethical code of conduct in business

Program Schedule

India International Agro Trade and Technology Fair 2025

Day 1 : - Tuesday, 16th December 2025

Inauguration of 3 day-long Exhibition	11:00 AM - 01:30 PM
Daily Farmers Workshops on :	
Precision Farming	11:00 AM - 12:00 PM
Inputs Management	01:00 PM - 02:00 PM
Post Harvest Management	02:00 PM - 03:00 PM
Processing and Marketing	03:00 PM - 04:00 PM

Workshops repeated on next two days, same time and same topics

GLOBAL AGRI BUSINESS SUMMIT	
Inauguration of Summit	02:30 PM - 04:00 PM
Tea Break	04:00 PM - 04:30 PM
Unleashing The Potential Of Indian Agriculture	
Session 1 : Policies to Power Farm Growth	04:30 PM - 05:30 PM
Session 2 : Technologies to Transform Agriculture	05:30 PM - 06:30 PM
Session 3 : Trade to Empower Farmers	06:30 PM - 07:30 PM
Presentation of India Global Agriculture Awards 2025	07:00 PM - 08:30 PM
Networking Dinner	08:30 PM ONWARDS

Day 2 : - Wednesday, 17th December 2025

Climate Change and Agriculture Sustainability

Session 1 : Common Global Challenge, Differential Impact	09:00 AM - 10:00 AM
Session 2 : Collaborating for Climate Resilient Agriculture	10:00 AM - 11:00 AM
Tea Break	11:00 AM - 11:30 AM

Nutrition Smart Agriculture

Session 1 : Growing Millets for Masses	11:30 AM - 12:30 PM
Session 2 : Crop Fortification for Needed Nutrition	12:30 PM - 01:30 PM
Lunch Break	01:30 PM - 02:30 PM

Digital Technologies for Future Ready Agriculture

Session 1 : Digital Tools for Precision Agriculture	02:30 PM - 03:30 PM
---	---------------------

Session 2 : Drones, ICR and IOT: Redefining Farming	03:30 PM - 04:30 PM
Tea Break	04:30 PM - 05:00 PM
Credit and Insurance as Key Drivers of Growth	
Session 1 : Better Credit Outreach for Better Agriculture	05:00 PM - 06:00 PM
Session 2 : Insuring Crops to Protect Incomes	06:00 PM - 07:00 PM
Launch of ICFA Global Forums	07:00 PM - 07:30 PM
Presentation of INDIA GLOBAL CEO'S AWARDS 2025	07:30 PM - 08:30 PM
Networking Dinner	08:30 PM Onwards

About ICFA

The Indian Chamber of Food and Agriculture (ICFA) is the apex body in India dedicated to advancing business, policy, and developmental agendas within the food and agriculture sectors. Serving as a global platform, ICFA plays a pivotal role in agro trade facilitation, policy advocacy, technology and agribusiness services. ICFA's proactive approach helps identify and address critical challenges facing Indian agriculture while opening new avenues for national and global partnerships, agro-ventures, investment and international trade. By actively engaging with its various Industry Working Groups and Sector-specific Councils, ICFA amplifies the voice of key stakeholders, including farmers, trade and industry, both at the national and global levels.

ICFA is a leader in driving digital technologies, food and nutrition security, and agriculture sustainability. These efforts have garnered global recognition and strategic partnerships with esteemed organizations such as ICAR, APEDA, WTC, University of California, and many other international entities. With a mission to catalyze agribusinesses and agritech startups, ICFA strives to leverage international collaborations to mobilize technologies and investments.

In less than a decade since its inception, ICFA has signed MoUs with over four dozen national and international organizations, reinforcing its position as a knowledge-driven platform, working in partnerships for sustainable growth in the agriculture sector. ICFA is committed to cultivating a thriving ecosystem for entrepreneurship, which holds immense potential for economic growth, sustainable development, and global food and nutrition security.
